

Rider

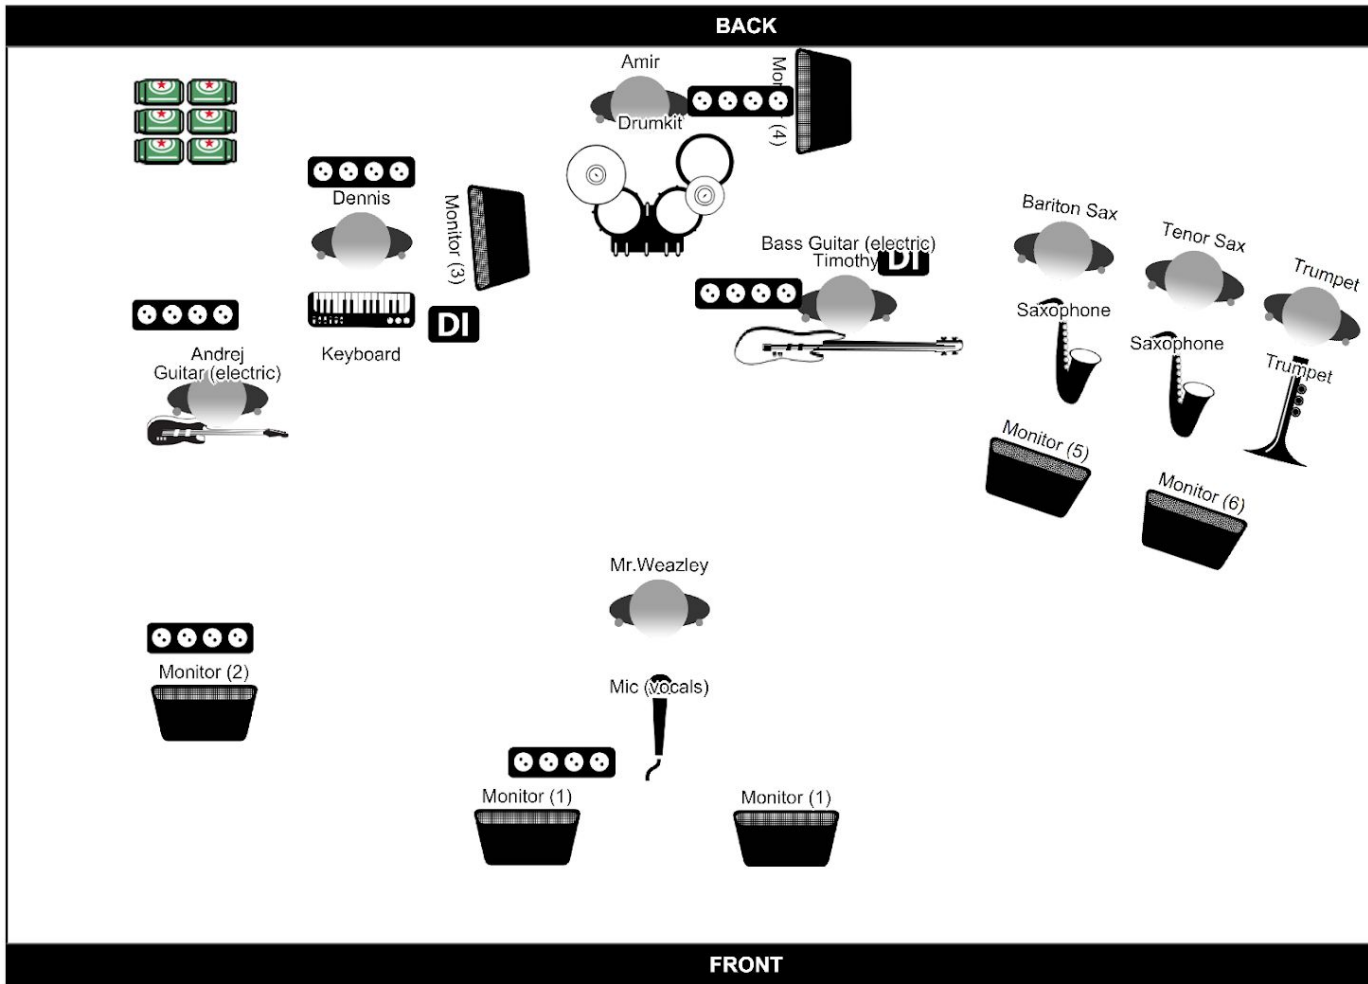

Technical rider & Stage plan

First of all, thank you for your interest in booking a show for Mr. Weazley . Below is a list of our technical requirements. It might sound a bit formal to you, this is not meant to cause any inconveniences on your behalf. We designed this rider for optimum effectiveness at the day of the show. If there are any questions or if you have trouble providing any of the below mentioned, please get in touch with us before the day of the show and we will find a solution.

Line Up

Name	Instrument
Amir	Drumkit
Dennis	Keyboard
Andrej	Guitar (electric)
Timothy	Bass Guitar (electric)
Mr. Weazley	Mic (vocals)
Bariton Sax	Saxophone
Tenor Sax	Saxophone

We assume that there is a well sized PA system provided for the concert room with sufficient power to supply a clean and undistorted 110dB SPL RMS to the mixing desk and a powerful and feedback-proof monitor system. It is very important that the singers and the instrumentalists each have their own monitor speakers with separate mixes.
